1. I have decided to run for the office of At Large because I would like to continue to expand my involvement in ICA and help continue outreach throughout the IDOC at all levels.
2. My vision for ICA over the next few years is to continue to bridge the gap between the community-based corrections and institutions across the state. By focusing on membership recruitment and opening lines of communication, we can continue to work towards creating one cohesive team that makes up the IDOC.
3. Traditionally, our organization has sponsored a wide variety of activities. I believe the ICA should continue to sponsor activities or begin sponsoring more workshops and opportunities that allow members across the state to connect with one another and enhance their personal and professional development.
4. Although the criminal justice system is complex, there are ways it could be more effective by working on opening lines of communications with all stakeholders within the criminal justice system. By working collaboratively with stakeholders, we can more effectively help hold justice-involved individuals accountable while providing opportunities to create and facilitate positive behavioral change.
